

# AUDA StreetScape Update

July 13, 2011

## CONSTRUCTION PROJECT UPDATE

From July 13th-20th, please anticipate construction work to continue between Elder's Station & Pine Street. The high-line water service has been removed with the completion of the waterline replacement and new water services. Hansen Brothers will continue working on the sidewalk, curb and gutter removal starting near Elder's Station; with irrigation and electrical conduit for the landscape areas and street lights placed this week.

Hemington Landscape, a sub-contractor, will begin next week on the replacement of the curb, gutter and sidewalks. Construction on the joint trench, parking lot at 1025 Lincoln Way and placement of the PG&E vaults will occur next week by Hansen Brothers.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate the trenching work. The lanes of traffic will shift according to the construction work. Construction will have no impact on Wednesday Night Live.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next five months.

More information on the Streetscape Phase II Project can be found online at:
